The Department hosted an engaging workshop on "Multimodal Chatbot Development" for 1st-year BCA students on 13-03-2026, led by Prof. Rekha M and Prof. Archana A. The session focused on the practical integration of the OpenAI API and the Gradio framework, allowing students to build and deploy functional AI applications.

Students gained practical experience in connecting Python scripts to Large Language Models and building interactive web interfaces using Gradio.

The training went beyond text, exploring chatbots that handle diverse data types, concluding with a successful deployment of their projects to GitHub for open-source collaboration.

This workshop successfully equipped our first-year students with the foundational skills needed to navigate the modern software development landscape and the world of Generative AI.

## GLITZ AND GLAMER: FASHION SHOW AT CIMS COLLEGE

Our college continues to excel in the cultural arena as a talented team of students secured the Second Place in the inter-collegiate Fashion Show competition held recently at CIMS College.

Competing against several institutions, our team chose the sophisticated theme of "Indo-Western Fusion." The participants walked the ramp in ensembles that perfectly balanced traditional Indian heritage with modern silhouettes. Their performance was lauded by the judges for its seamless choreography, creative styling, and confident stage presence.

The Proud Awardees::

Ankitha G, Nithya J, Nithyashree M P, Pallavi G,Prakruthi M V, and Sneha

The institution congratulates these students on their remarkable achievement and for representing our college with such elegance and flair on a competitive platform.

"FASHION IS NOT SOMETHING THAT EXISTS IN DRESSES ONLY. FASHION IS IN THE SKY, IN THE STREET; FASHION HAS TO DO WITH IDEAS, THE WAY WE LIVE, WHAT IS HAPPENING."
