## AIDS Awareness Programme – 01 December 2025

The NSS Committee organized an AIDS Awareness Programme on 1st December to mark World AIDS Day. The programme aimed to create awareness among students about HIV/AIDS and its impact on society. Mrs. Navya S., the guest speaker, delivered an insightful and informative session.

She explained the difference between HIV and AIDS in a simple and understandable manner. The causes, modes of transmission, and common myths related to the disease were clearly addressed. Special emphasis was laid on preventive measures and early diagnosis.

The speaker highlighted the importance of safe practices and regular health check-ups. She also spoke about the role of awareness in controlling the spread of the disease. Students were encouraged to develop a compassionate attitude towards affected individuals. The session focused on eliminating stigma and discrimination associated with HIV/AIDS.

Real-life examples were shared to enhance understanding. The programme helped students realize the importance of responsible behaviour. The interactive nature of the talk kept the audience engaged. Students actively participated and clarified their doubts. The programme concluded with a message of awareness, empathy, and social responsibility.

**“If you can change your mind, you can change your life.” – William James.**

## National Pollution Control Day – 02 December 2025

The Environmental Protection Cell organized a programme on 2nd December to observe National Pollution Control Day. The objective of the programme was to spread awareness about environmental protection. Mr. Vinay G.V. principal of VSPUC was invited as the guest speaker for the event. He spoke about the increasing level of pollution and their harmful effects. Special focus was given to the conservation of forests and water resources. The importance of maintaining ecological balance was emphasized. The speaker discussed the dangers of plastic pollution. Students were advised to reduce, reuse, and recycle plastic materials. Practical steps to minimize environmental pollution were suggested. The role of individuals in protecting the environment was highlighted. Simple lifestyle changes for sustainable living were explained. The talk motivated students to adopt eco-friendly habits.

Examples of successful conservation initiatives were shared. The programme created awareness about environmental responsibility. The session concluded with a pledge to protect nature for future generations.

Be a part of Solution Not be a part of Pollution

Dr. Rajesha S., Principal of the institution, attended the IIC Regional Meet in December.

He was accompanied by Mr. Mohankumar, IQAC Coordinator. The meet was held at Ramaiah College, Mathikere. The programme focused on innovation and institutional development. It provided a platform for interaction among academic leaders. Discussions were held on promoting innovation in higher education. Best practices of various institutions were shared. The role of IIC in fostering creativity among students was highlighted. Quality enhancement initiatives were discussed in detail. The meet encouraged collaboration between institutions. Participants gained insights into effective academic governance.

The event strengthened institutional networking. The presence of the Principal and IQAC Coordinator reflected the institution's commitment to excellence. The meet contributed to improving academic and innovation standards. Overall, the participation enhanced the institution's academic vision.

## NSS Advisory Committee Meeting – 04 December 2025

Mrs. Vinoda attended a meeting at Bangalore City University during December. She participated in the meeting as a member of the NSS Advisory Committee. Her selection reflects her dedication to NSS activities. The meeting focused on planning and strengthening NSS programmes. Various strategies for community service were discussed.

Emphasis was laid on student participation in social initiatives. The role of NSS in nation building was highlighted. Future action plans and activities were reviewed. Suggestions were shared to improve the effectiveness of NSS units. The meeting encouraged collaboration among NSS coordinators. Social responsibility and leadership development were key themes.

The session provided guidance for upcoming NSS programmes. Mrs. Vinoda's participation brought recognition to the institution. Her involvement at the university level added value to institutional activities. The meeting concluded with a commitment to serve society effectively.

## Faculty Empowerment Workshop – Infosys Springboard for Excellence - 09 December 2025

On 9th December, a Faculty Empowerment Workshop titled “Infosys Springboard for Excellence” was conducted for the teaching faculty. The programme was organized with the objective of enhancing digital and professional competencies among faculty members. Mr. Chethan Kumar, Head of the Department of BCA, served as the resource person. He provided a detailed orientation on accessing the Infosys Springboard platform. The session focused on empowering faculty through industry-relevant learning resources. Various certification courses available on the platform were introduced. The importance of continuous upskilling in the academic profession was emphasized. Faculty members were motivated to enroll in desirable and skill-based courses.

The workshop highlighted the role of certifications in career advancement. Hands-on guidance was provided for course registration and navigation. The session encouraged self-paced and lifelong learning. Participants gained clarity on integrating certified knowledge into teaching practices. The workshop enhanced awareness about digital learning platforms. Faculty members actively interacted during the session. The programme concluded with motivation towards academic excellence and professional growth.

### About Infosys Springboard

Infosys Springboard is a free, digital-first upskilling platform designed to democratize 21st-century education for students (Class 6 and above), educators, and lifelong learners. Powered by the Infosys Wingspan engine, it offers over 20,000 courses and 6,600+ certifications in high-demand fields like Generative AI, Cloud, and Cybersecurity. The platform features strategic partnerships with institutions like Harvard Business Publishing, Coursera, and Adobe to ensure industry-aligned curricula. In 2026, it continues to bridge the skills gap through its Virtual Internship 7.0, providing hands-on experience with real-world business projects. Accessibility is a core priority, with content available in more than 20 regional languages and tools like "Makers Lab on Wheels" serving remote areas. As part of Infosys's ESG Vision 2030, the initiative aims to empower over 10 million people with essential digital and life skills.

**All are Cordially Invited** **Machohalli Gate, Magadi Main Road, Bengaluru - 560091** **www.vidyasanskaar.edu.in**

A Faculty Empowerment Workshop on research paper writing was conducted on 11th December. The workshop was led by Mr. Kiran Kumar as the resource person. The session focused on research paper writing in the fields of Commerce, Management, Science and Technology. The importance of quality research and academic publishing was highlighted. Participants were guided on identifying suitable research topics. The structure and format of a standard research paper were explained. Emphasis was laid on journal selection and indexing criteria. The speaker discussed ethical issues in research and plagiarism. Guidelines for data analysis and interpretation were provided. The process of presenting research papers at conferences was explained. Tips for effective presentation skills were shared.

Common mistakes in research writing were addressed. The workshop enhanced research awareness among faculty members. It motivated faculty to publish in reputed journals. The session concluded with an interactive discussion and feedback.

### About Research Paper Format

The IEEE research paper format follows a standard two-column layout on A4 size paper using Times New Roman font. The paper title is centered, bold, and written in 24-point font, followed by author names and affiliations in 10-point font, also centered. The abstract is written in italic style using 9-point font and should be between 150 and 250 words, followed by keywords in the same font and style. The main body of the paper is written in 10-point font with single line spacing and justified alignment, and section headings are numbered using Roman numerals and written in bold uppercase letters such as Introduction, Literature Review, Methodology, Results and Discussion, and Conclusion. Figures and tables are placed within the text, with table captions above the tables and figure captions below the figures. References are listed at the end of the paper in IEEE numbered style in the order of citation, using 8-point font, and citations within the text are indicated by numbers in square brackets. Page numbers are not included in IEEE-formatted research papers.

## National Energy Conservation Day – 14 December 2025

National Energy Conservation Day was observed on 14th December by the Environmental Protection Cell. The programme aimed to create awareness about the importance of energy conservation. Dr. Sujay S. Huligere was the guest speaker for the event. He delivered an enlightening talk on sustainable energy practices. The significance of conserving conventional energy resources was emphasized. The speaker highlighted the growing demand for energy worldwide. Ways to reduce energy consumption in daily life were discussed.

The importance of renewable energy sources was explained. Students and faculty were encouraged to adopt energy-efficient practices. The role of individuals in conserving energy was highlighted. Practical examples of energy conservation were shared. The session promoted environmental responsibility. Awareness was created about energy conservation policies. The programme inspired participants to act responsibly. The event concluded with a message on sustainability and conservation.

## Faculty Certifications and FDP Participation

During the month of December, many faculty members successfully completed certifications. Several faculties earned certifications through Infosys Springboard courses. The certifications covered skill-based and academic enhancement programmes. Faculty members also actively participated in various Faculty Development Programmes (FDPs). These initiatives contributed to professional growth and academic excellence. The certifications enhanced subject knowledge and teaching effectiveness. Faculty members updated themselves with emerging trends and technologies. Participation in FDPs strengthened research and pedagogical skills. The institution encourages continuous professional development. These achievements reflect the commitment of faculty towards lifelong learning. Certified faculties contribute positively to student learning outcomes.

The initiatives promote quality education and innovation. Such academic engagements enhance institutional reputation. The achievements inspire other faculty members to pursue excellence. Overall, the certifications and FDPs strengthened the academic ecosystem of the institution.
