CEO's Note

Dear Educators, Happy Teachers' Day.

Today, I extend my deepest gratitude for the sacred, transformative work you bring to life every day across our classrooms, lecture halls, and departments.

1. It is often said that people do not leave organizations; they leave bosses. Recognizing this, my personal standard as CEO is to lead through service—to build bridges over every gap, support your growth, and ensure you feel truly valued and empowered. This is the leadership culture I pledge, and it is the same empathy, humility, and psychological safety I expect every leader and team head in our institution to extend to their team. Misunderstandings and challenges will ariseit is not uncommon in a workplace but when we lead with respect and active listening, we build an efficient, united institution.

2. Our dedication and teaching quality are our ultimate security bonds. In a fast-evolving world, we must constantly adapt—it is an era of continuous growth where we must upskill rather than remain static. Together, we will stay ahead of the curve and deliver global-standard education.

3. We achieve this by anchoring ourselves in our 6 Core Values:

a. Integrity: Doing what is right.

b. Respect: Valuing every voice, diversity, and our environment.

c. Responsibility: Honoring duties and owning our actions.

d. Excellence: Pursuing the highest standards.

e. Compassion: Showing empathy and care.

f. Service: Contributing positively to society.

4. Rooted in Vidya—knowledge that turns into wisdom—and Sanskaar—values that ground a noble heart—we carry a sacred charge to architect the destinies of young minds and emerging leaders. Beyond academics, your true mastery lies in building resilience, restoring confidence, and shaping human potential through patient mentorship.

5. In a world where change is permanent, our commitment to these principles remains constant, guided by our motto: **"Learn with Integrity. Lead with Excellence. Serve with Compassion."** Once again, a very Happy Teachers' Day to all of you. My humble Pranams to all my Gurus and teachers. Thank you for your dedication, Thank you for your wisdom, and Thank you for standing strongly with me and our institution.

Warm wishes,

Dr. Satish M Bejjihally

Pratibhotsava Competitions: Celebrating Creativity and Talent

The Pratibhotsava Competitions provided our students with a vibrant platform to showcase their creativity, artistic abilities and individual talents. A range of engaging activities, including Singing, Collage Making, Nail Art and Face Painting, was conducted as part of the event.
Students participated with great enthusiasm and demonstrated remarkable creativity and confidence throughout the competitions. Their active involvement and enthusiastic spirit added colour and energy to the event, while giving them an opportunity to explore and present their talents beyond the classroom.

The competitions not only encouraged artistic expression but also helped students develop confidence, creativity, concentration and a healthy spirit of competition. The impressive participation and performances reflected the diverse talents of our students and made the event a memorable and enriching experience.

Independence Day Celebration

The Independence Day Celebration was marked with great enthusiasm and patriotic spirit by our PUC students. Through patriotic singing, vibrant dance performances, an inspiring skit, and live art, students beautifully expressed their love and respect for the nation. Their creativity, confidence and heartfelt performances added pride and significance to the celebration.

"Pathway to CA Excellence: Focus, Discipline & Professional Success"

Motivation & Guidance Session for CA Students

The motivational session for CA students, led by Dr. Satish M. Bejjihally, CEO, VSECT focused on developing the right mindset, effective study strategies and disciplined preparation required to achieve professional excellence.

The session highlighted the importance of smart memorisation and revision, introducing students to the Ebbinghaus Forgetting Curve and the role of repetition in strengthening retention. Students were encouraged to identify gaps in their understanding and actively seek support from teachers, peers and reliable online resources.

Emphasising that focus is a conscious choice, Dr. Satish stressed the importance of prioritising tasks, creating a feasible personal timetable, and managing time effectively. He encouraged students to regularly practise previous question papers, analyse questions after mastering the underlying concepts, and continuously evaluate their preparation.

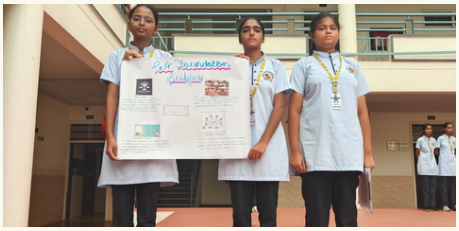

The session was carried out with a powerful message of self-belief, purposeful preparation and goal-oriented action, inspiring students to take ownership of their learning journey and confidently work towards their CA aspirations.

Dr. Satish M. Bejjihally, CEO, inspired CA students with practical strategies for sustained academic and professional growth. He emphasised effective reading techniques, consistent practice, structured classroom listening and active peer learning to strengthen conceptual understanding.

Students were encouraged to prepare strategically for competitive examinations, regularly practise previous-year questions, and make the most of classroom learning. He also highlighted the importance of coordinating CA and Board examination preparation through integrated planning.

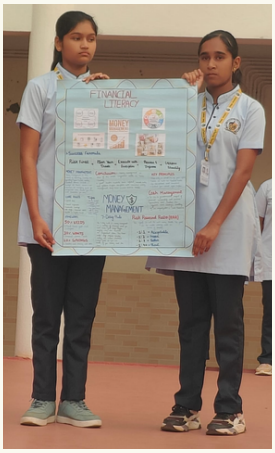

The session reinforced a powerful message: stay committed to the CA journey, work consistently, and take ownership of your success.

Financial Literacy Programme

The Financial Literacy Assembly Programme provided Commerce students with an opportunity to explore and present key concepts related to financial awareness. Students shared insightful ideas and information covering a wide range of topics, from money management and financial planning to the Indian financial system. Their well-structured presentations reflected good subject knowledge, confidence and clarity, making the programme an engaging and informative learning experience.

Subject Mentoring & Guidance Sessions

The Subject Mentoring & Guidance Sessions empowered students with focused academic support and personalised strategies for improvement. Subject lecturers identified students' learning gaps, addressed their challenges, and guided them with practical methods to enhance their understanding, efficiency and academic performance.

The interactive sessions encouraged students to reflect on their learning approaches, set clearer academic goals and work towards continuous improvement. Students expressed their appreciation for the valuable guidance, gaining greater clarity, confidence and motivation to strive for academic excellence.

Public Speaking Workshop – Finding the Voice Within

A dynamic Public Speaking Workshop was organised for Commerce students with the aim of transforming hesitation into confidence and ideas into impactful communication. The workshop brought together enthusiastic students who were keen to strengthen their public speaking abilities and overcome stage fear.

Led by accomplished and effective speakers, the sessions provided practical guidance on speech preparation, structuring ideas, effective delivery, voice modulation, body language, stage presence, and presentation skills. Through interactive activities and engaging speaking exercises, students were encouraged to express their thoughts with greater clarity, confidence, and conviction.

The programme served as a valuable platform for students to discover their voices, sharpen their communication skills, and develop the confidence to address an audience effectively. The enthusiastic participation and positive response from students reflected the impact of the sessions, making the workshop a meaningful step towards nurturing confident, articulate, and future-ready young communicators.

BOOK OF THE MONTH

The Complete Works of Swami Vivekananda – The Four Yogas

"Arise, awake, and stop not till the goal is reached."

Four Paths. One Journey.

Swami Vivekananda's teachings introduce four complementary approaches to self-development, inner strength and spiritual growth. Each path offers a different way of understanding ourselves and our purpose.

KARMA YOGA – The Path of Action

Perform your duties sincerely and selflessly, without being attached to the results.

BHAKTI YOGA – The Path of Devotion

Cultivate love, faith, gratitude and devotion as a means of inner transformation.

RAJA YOGA – The Path of Mind

Develop concentration, discipline and control of the mind through meditation and self-awareness.

JNANA YOGA – The Path of Knowledge

Seek truth through inquiry, reflection and understanding of the Self.

🌟 STUDENT TAKEAWAY

- Act with responsibility.
- Love with sincerity.
- Think with clarity.
- Seek with wisdom.

The four paths remind us that education is not only about gaining knowledge—it is also about developing character, discipline and purpose.

THIS MONTH'S REFLECTION

Which Yoga would you like to practise in your daily life?

Karma – Do your duties sincerely.

Bhakti – Practise gratitude.

Raja – Spend a few minutes in mindful silence.

Jnana – Question, learn and reflect.

LEARN SOMETHING NEW

The Power of Compound Interest

Have you ever wondered how a small amount of money can grow into a significant sum over time?

Compound Interest is the interest earned not only on the original amount invested but also on the interest accumulated over previous periods.

Simple Interest: Interest is calculated only on the principal amount.

Compound Interest: Interest is calculated on the principal + accumulated interest.

A Simple Example

If you invest ₹10,000 at 10% compound interest annually, your money grows as:

Year 1: ₹11,000

Year 2: ₹12,100

Year 3: ₹13,310

The longer the money remains invested, the greater the effect of compounding.

LIFE LESSON

"Start early, stay consistent and let time work for you."

Understanding compound interest helps students make smarter decisions about saving, investing and financial planning.

Learn today. Apply tomorrow. Build your future.

FUTURE READY- "The future belongs to those who learn, unlearn and relearn."

AI: Your Career Co-Pilot

Artificial Intelligence is rapidly changing the way we learn, work and solve problems. For today's students, being future-ready does not mean competing with AI—it means learning how to work effectively with it.

What Can AI Help You Do?

Learn Smarter: Understand difficult concepts, generate practice questions and receive explanations.

Work Better: Assist with presentations, spreadsheets, research, writing and data analysis.

Create & Innovate: Generate ideas, explore possibilities and develop creative solutions.

Prepare for Careers: Practise interviews, improve communication and explore career opportunities.

BUT REMEMBER: AI can provide information—but you must provide the thinking.

Students should develop skills that AI cannot replace easily:

Critical Thinking • Communication • Creativity • Collaboration • Problem Solving • Adaptability

FUTURE-READY CHALLENGE: This month, learn ONE AI tool and use it to solve ONE real academic problem.

Don't just be an AI user. Become an AI-powered learner, creator and problem-solver.

ONAM Kerala's Harvest Festival of Joy, Gratitude & Togetherness

Onam is the most cherished festival of Kerala, India, celebrated with great enthusiasm by people across the state and around the world, regardless of religion or community. Falling in the Malayalam month of Chingam (August–September), it marks the traditional harvest season and commemorates the mythical homecoming of the beloved King Mahabali.

The Legend Behind Onam

According to legend, Kerala was once ruled by the generous and just King Mahabali, under whom the kingdom flourished in peace and prosperity. Fearing his growing power, the gods sent Lord Vihnu in the form of Vamana, a dwarf Brahmin, who tricked Mahabali into offering three paces of land and used them to push him down to the netherworld. Moved by the king's humility and devotion, Vishnu granted him a boon to visit his people once every year. Onam celebrates this joyous homecoming, welcoming Mahabali back to see his beloved subjects thriving.

Significance and Celebrations

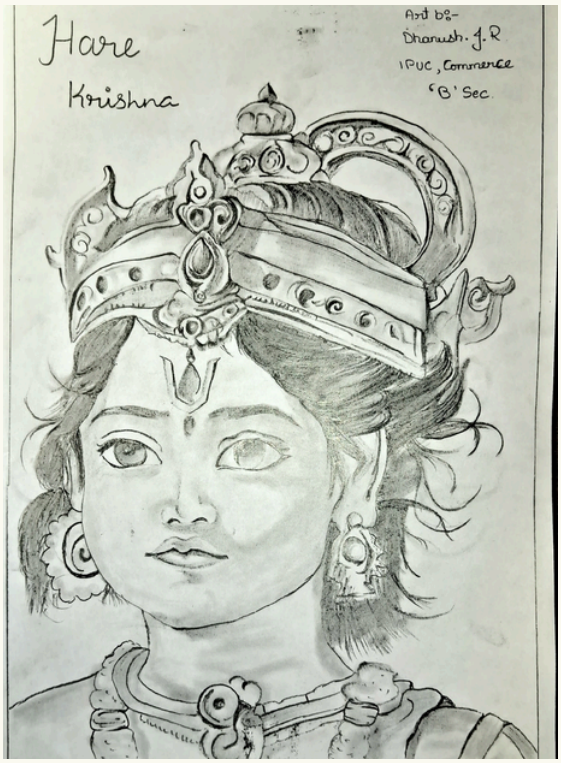

Onam is a ten-day festival that blends spirituality, culture, and community spirit. Homes and courtyards are adorned with intricate Pookalams, colourful floral carpets arranged in traditional patterns, to welcome King Mahabali. Families come together to prepare the grand Onasadya, a lavish vegetarian feast served on banana leaves with numerous traditional dishes. The fe3tival also showca3e3 Kerala's rich heritage through vibrant Kathakali performances, the energetic Pulikali (tiger dance), the graceful Thiruvathira dance, and the thrilling Vallam Kali (snake boat races) held on the state's backwaters.

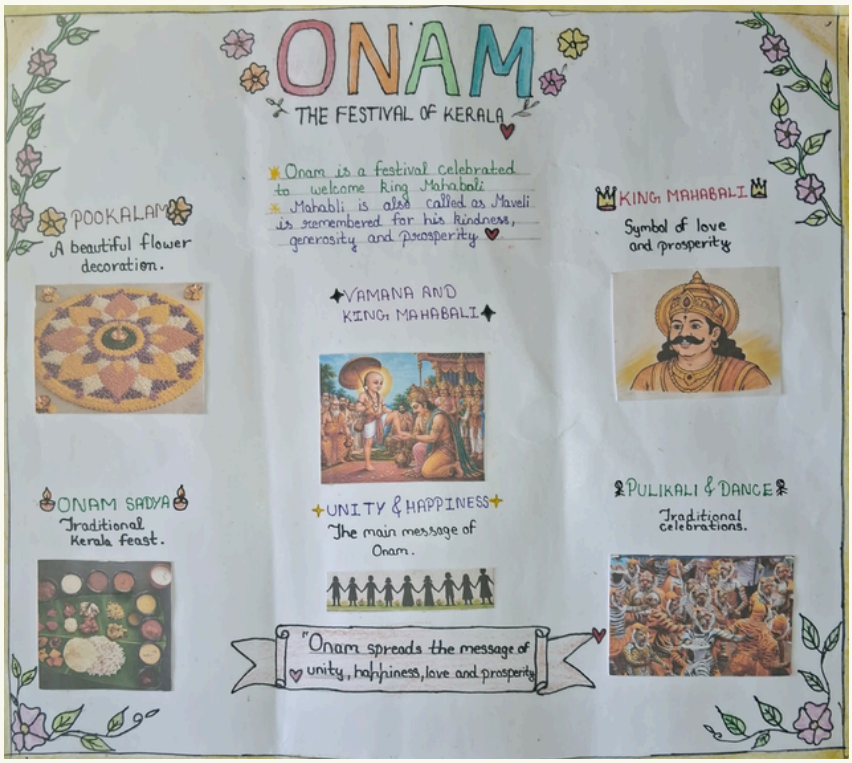

Beyond its mythological roots, Onam carries a deeper message: it celebrates equality, prosperity, and unity, reminding people of an ideal golden age when there was no discrimination, deceit, or sorrow. It is a time for family reunions, cultural pride, and giving thanks for the harvest. New clothes, known as Onakodi,
are gifted to loved ones, and communities come together for feasts and games, strengthening bonds of friendship and togetherness.

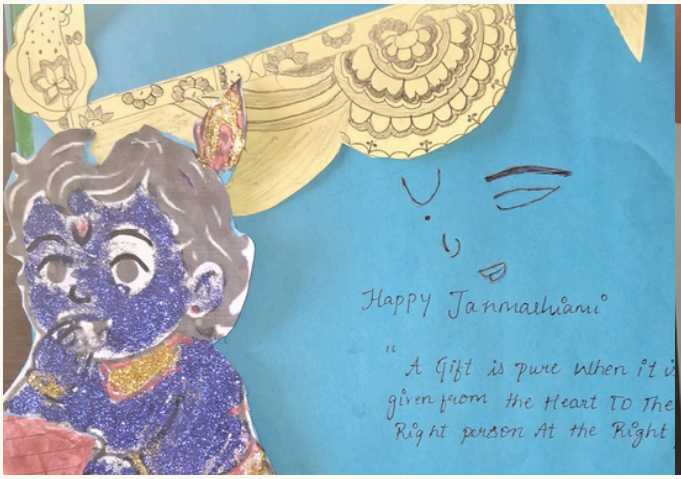

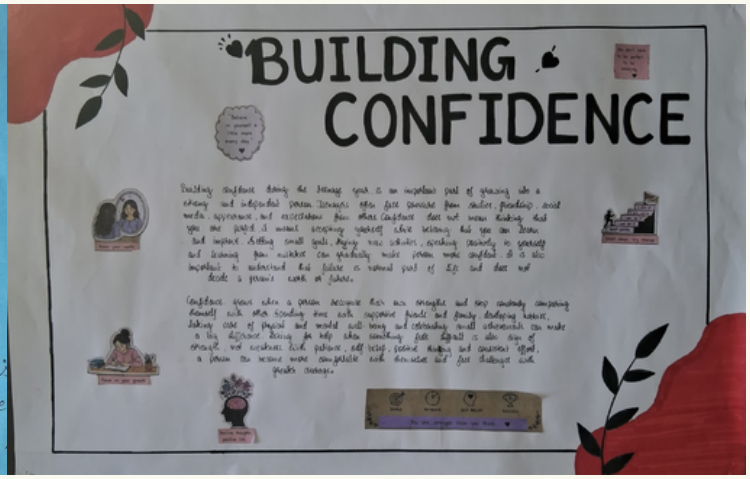

Today, Onam stand3 as a symbol of Kerala's identity, a joyous celebration of gratitude, harmony, and the enduring spirit of togetherness that unites people across all walks of life.
